Attendees can take part in:

- Manufacturer's Clinics
- Training Agency Updates
- In-Depth Seminars
- Film Festivals
- Workshops
- Large Exhibit Area
- Travel Planning
- Children's Program

## THE TIM EARLY FOUNDATION

The Tim Early Foundation is an Illinois not-for-profit corporation which was founded in 2001 for the purpose of furthering the educational and scientific endeavors of the man for whom it was named. The goal of the organization is to develop and promote educational programs dedicated to the aquatic environment in the Midwest United States. **Our World-Underwater has been the single largest contributor to the Tim Early Foundation.**

Since its inception, the Tim Early Foundation has raised over \$200,000 to help fund Midwest projects including the preparation and sinking of the steamship The Straits of Mackinac in Lake Michigan. Resting in about 80 ft. of water off the Chicago Shoreline, the 200 ft. retired car ferry provides Midwestern divers a great dive site and a safe-haven for some stressed aquatic species in the lake.

Visit [www.timearlyfoundation.org](http://www.timearlyfoundation.org) for more information.

## OUR WORLD-UNDERWATER XXXXII

The Our World-Underwater Expo is in its 42nd year and is one of the oldest, continuous running scuba diving events in North America!

Our exhibits feature hundreds of booths on dive travel, equipment, environmental agencies, dive technology, publications, training agencies, art and much more!

A number of workshops covering various aspects of diving will be held throughout the weekend, including equipment repair, dive medicine, training and photography.

We can proudly say that Our World-Underwater Film Festivals and Seminars have hosted THE top names of underwater photography and videography in the world. The exquisite work that has been presented over the past years has been an unforgettable experience for those who have attended.
